

Belgian White

Our version of a Belgian classic, brewed with wheat malt and spiced with coriander and orange peel. Pours a beautiful hazy blond-gold with a thick pearly white head. The nose is yeasty with a light aroma of fruit and spice. This beer is as crisp and refreshing as the aroma implies, with the wheat malt supplying a full, somewhat sweet background to the orange and coriander flavor. Spritzy carbonation lifts the sweetness to lend a crisp finish. A great beer for a warm summer day.

Great with Belgian moules frites (steamed, buttered mussels and French fries) or charcuterie. The crisp carbonation in our White can cut through even the richest, creamiest dishes.
