Innovation for your office!

GET THE REWARDS YOU DESERVE.

You already know the best way to backup your data is with HP storage media. HP data cartridges are extremely reliable and provide an excellent return on investment. But did you know that when you buy HP storage media, you can receive rewards for your purchases in other ways?

When you become an HP PurchasEdge member, you'll earn 1 point for every \$4 spent on HP supplies, including print cartridges, paper and storage media. As your points add up, you can use them to receive free HP products like printers, PDAs and HP storage media. The program is easy to join and recording your points is hassle-free because your office supply company electronically submits your purchase information to HP for you.

Get the rewards you deserve. Contact your reseller to enroll you in the program and start earning points for free HP products today.

B. SECURIO shredders are totally state-of-the-art in terms of their design, economic energy management (EMCS), absolute ease of operation use and low-noise in operation. These combined features produced a document shredder for the future of office today

C. Designed for departments with a range of 1-5 users, the HS-400 has durable steel cutters that shred 4 sheets per pass into unrecognizable 1/25" x 3/16" cross-cut particles as fast as 13 feet per minute. TAA Compliant.

SUSTAINABILITY

Less waste means more resources in your pocket. Today's cutting edge businesses opt for "green" products over other wasteful and uneconomical choices! Choose from a variety of office equipment from low voltage printers to recycled labels, all designed to promote sustainability and lower your bottom line.

A. Belkin Conserve Surge Protector

MFG # BG108000-04

Saves space with its slim design!

B. Maco Eco Friendly Labels

MFG # MRL-FF30

Environmentally benign adhesive!

C. HP Color LaserJet CP2025n

MFG # CB494A

Boost productivity and reduce costs!

A. Conserve energy-saving surge protector with remote switch makes it simple to eliminate wasteful standby power, helping you reduce energy consumption, save on energy bills, and lower your overall impact on the environment.

B. MACO high quality labels are guaranteed not to jam in any printer. The bright white labels are acid-free so they're safe for archiving as well as lignin-free (the component in newspapers which cause them to turn yellow and disintegrate).

C. Print color fast and quick! 21 ppm per minute and Instant-on Technology! The HP printer virtually eliminates warm-up time from powersave mode. At its core is a fast-heating fuser enabling the printer to switch into action almost immediately regardless of when it was last used and return to powersave mode soon after completing the job. Not only enjoy improved productivity, but reduced power consumption, too.

DATA STORAGE

Protect your data—and your business. Data is the backbone of your company and your number one asset. In fact, most companies who suffer catastrophic data loss will go out of business within five years. That's why you should take every precaution to back up your systems and protect important business data from computer viruses, hard drive crashes and harsh environmental conditions.
