

**Integrated Campus Warning and Information System**

**24/7 Campus Alert and Notification System**

*Or is it a 24/7 Campus Notification and Alert System?*

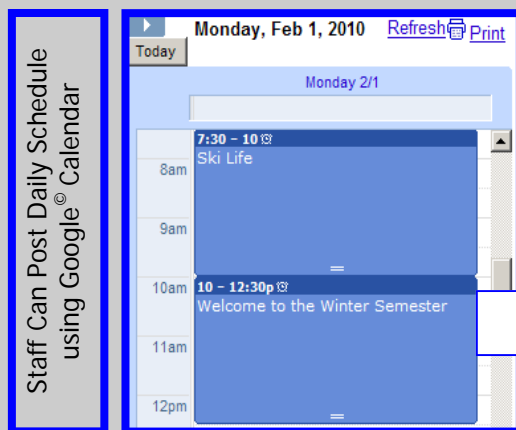

Use it for daily routine announcements, class schedule **and** for emergencies.

Return of Investment in one year as the system is used for day-to-day operation, while providing the comfort of knowing that people at risk will be immediately notified in emergencies to keep them safe.

**A** Integrated alert is as easy as **A B C**

The screenshot shows a web-based interface for creating an alert. On the left, a tree view lists 'Affected Area(s)' with options like 'ALL Locations', 'Architecture Building, 601', 'Fine Art / Advertising / Fo...', 'Fine Art/ Graduate Photog', 'Graduate Painting Studios', 'Housing', and 'Liberal Arts/Auditorium, 4'. Under 'Housing', '655 Sutter St' is selected with checkboxes for '1st Fl' and '6th Fl'. Other housing options include '860 Sutter St', '620 Sutter St', and '825 Sutter St'. The 'Details' section includes 'Authoritative Source of Message:' (set to 'Campus Security Dis...'), 'One Line Summary (', and 'Situation:' (set to 'ATTENTION! THIS IS A...'). The 'Incident Type:' dropdown is set to 'Actual Incident'. 'Expected Duration:' is set to '2.0 hours'. The 'Tools To Activate' section includes checkboxes for 'Email', 'Radio Bcast', 'LED Signs', 'EDIS', 'RDBS Alert Radios', 'Indoor PA', 'Phone Bulletin Board', 'Blue Phones', 'Telephone', 'Safety Web Page', 'Outdoor Sirens', 'SMS', 'Cable TV', 'BamBox Pop-Up', and 'LCD Screens'. 'Instructions:' are set to 'PLEASE DO NOT RES...'. Circled letters A, B, and C highlight the 'Affected Area(s)', 'Details', and 'Incident Type' sections respectively.

Delivery tools combine LCD, TV, Email, SMS, Speakers, Sirens, PC Pop-Up, LED Signs, Radio, Fire Alarm, Phones and many others.
