

My Turn SERIES

The first of the My Turn Series, Dan took his opportunity to brew a Baltic porter. Dan Brewed a Baltic Porter. This beer is dark and robust with a malty sweetness. A touch hoppier than the typical porter, the medium bitterness balances the malts and a deep chocolate or coffee aroma stops just short of burnt. This one is one big, full-bodied beer.

Look for four to six My Turn releases per year, all with varying styles, ingredients, and flavors. Once one is gone, we'll immediately start on a new one. Please ask us for the current series number.
