MULTI-ENZYME SPOTTER, DEODORIZER, PROTECTOR

Description: This ready-to-use, multi-enzyme carpet spotter, deodorizer and protector is designed to remove stains and odors. It utilizes a broad-spectrum solution for carpet spotting. Can be used as a carpet spot remover, deodorizer as well as pre-treatment. Use on all types of soils and stains. Contains Soil Guard® 2000 technology that locks out soil and protects your carpet from re-soiling.

Directions: STAIN REMOVAL (Carpet and Rugs) - Remove as much of the spill as possible from the stained area. Dilute product equally with water and apply to spot by spray or pouring. For darker, heavier stains, use full strength. Fully saturate area with solution to penetrate carpet backing. Because spots tend to expand, make sure to cover the entire area thoroughly. Place a clean, white towel moistened with diluted product over the area to keep damp for at least 24 hours. In some cases repeat treatments may be necessary.

GENERAL DEODORIZING - Spray product directly onto the cause of the odor. For large areas, dilute equally with water and apply by spray or pouring directly on odor source.

Caution: Eye Irritant. Avoid contact with skin, eyes and clothing. Avoid breathing of mists. Do not take internally. Wash hands with soap and water after use. Avoid all contact with open wounds. Keep out of the reach of children. For professional use only. Store out of direct sunlight. Read and understand the Material Safety Data Sheet (MSDS) before using this product.

First Aid: EYE CONTACT: Flush with water for at least 15 minutes. If irritation persists, call a physician.

SKIN CONTACT: Wash thoroughly with water. If irritation persists, call a physician.

INGESTION: Immediately drink large quantities of water. Seek medical attention immediately.

INHALATION: Remove to fresh air. Seek medical attention.
