

Jennifer Martinez

ARC Graduate 2005
Incline High School, 2009

Describe Your Best Experience at ARC:

The best experience that I had during ARC was the 24 hour solo. During this time we were to spend it by our selves and it allowed me to think and evaluate my life. It made a big change in my life by giving time to see where I was heading as far as high school and letting me make a plan to achieve what I wanted to accomplish.

How Did You Change After ARC?

After I attend ARC, it gave me a boost to get more involved with school. It made and opened up different opportunities that allowed me to expand my skills, which I had learned were to my abilities to improve my future in aspect of education and life from ARC.

What Are Your Goals for the Future?

My goals for the future are to attend college, graduate in order to attend a Law School. I want to be a bilingual lawyer in order to help the Latino/ Hispanic communities, even more to be a role model for young Latina girls.

What Are Your Strengths?

My strengths are that I am very self dependent. I am confident in my ability to achieve all my goals. I am a natural leader and a positive person no matter the situation.

Who is Your Role Model? Why?

My older sister, Alma Martinez, has been the most influential person in my life. She was like mother to my brother and sister, was the first to graduate in my family and is now working and attending UNR while living by herself and being very independent. Most important she did not fall into the "traditional" trend that most Latina girls do and is still influencing me to stay strong and to follow my education to the top.
