

I gave a presentation called W.D. Gann – Wizard of Wall St for the ATAA in Newcastle on the 12th February 2011. Below is one of my slides highlighting important dates for the forthcoming year.

I have indicated these dates on the SPI with blue arrows. All these dates are based on astrological cycles. You can learn how to find these dates well in advance by attending my Seminar or via my Advanced course. See my website for details – Seminar is 3 weeks away.
