Plex Systems Joins Top Enterprise Resource Planning Software Products for the 8th ERP Vendor Shootout™

An event for mid-sized companies to determine “short list” when evaluating Enterprise Resource Planning (ERP) Software

AUBURN HILLS, Mich., (date here) -- Plex Systems, Inc., providers of Plex Online software for the manufacturing enterprise, today announced it will participate in the [Eighth Annual ERP Vendor Shoot Out](#) October 6 – 7, 2010 at the Renaissance Hotel in Dallas, Texas. Geared toward ERP selection teams and decision makers for companies with a manufacturing, distribution or project-oriented requirements, the [ERP Vendor Shootout™](#) is ideal for businesses that are budgeting for or are currently evaluating Enterprise Resource Planning software.

Moderated by [Technology Evaluation Centers](#) (TEC) of Montreal, Canada, this event is a one-of-a-kind opportunity for you and your team to quickly build your selection short-list by seeing the best in Enterprise Software Solutions in the world all in one place, all at the same time!

The 8th event, scheduled for October 6-7, 2010 at the Renaissance Dallas Hotel in Dallas Texas, will include the top ERP packages in a side-by-side comparison. Suitable for automotive, industrial, food processors, medical device manufacturers and others, the ERP Vendor Shootout is ideal for companies that are currently evaluating ERP software. The target audience for the event is mid-sized companies (\$350M and below annual revenue) with manufacturing, distribution or project-oriented requirements.

Featured at the event will be demonstrations of SaaS ERP solution Plex Online covering sales operations, inventory and procurement, manufacturing, financials, and workforce management features. The audience will also learn how Plex Online meets the unique needs of each enterprise, and is continuously improved so no update is ever required. [Participants may register online.](#)

Noted Mark Symonds, Plex Systems, Inc. President and CEO, “Plex Online is pleased to participate in this innovative and lively event which has proven to be useful to ERP selection teams and decision makers. Attendees will get a true comparison of the technology products presented. We’re confident participants will clearly see the competitive advantages delivered by Plex Online ERP delivered as a software as a service.”

The goal of the event is to simplify the ERP software selection process. This event alleviates some of the painful inefficiencies of the selection process by coordinating onsite software presentations and delivering them in a two day event. End-user attendees will see a series of scripted demos from vendors and resellers, gaining a side-by-side, comparative view of product functionality, user interfaces, and overall usability.

In addition to the scripted demos, each product presenter will cover additional topics and key functionality specific to each product.

For additional information, sponsorship opportunities or to register for the 8th ERP Vendor Shootout™ visit www.erpshootout.com or call 877.907.2702.

About Plex Systems, Inc.

Plex Systems, Inc. is the developer of [Plex Online](#), an industrial strength, [software as a service \(SaaS\)](#) ERP solution for manufacturers. Plex Online extends beyond the boundaries of legacy ERP software to provide a comprehensive solution for manufacturers, including Manufacturing Execution Systems ([MES](#)) and Quality Management Systems ([QMS](#)) functions for the factory floor, Customer Relationship Management ([CRM](#)) features for sales and marketing, and Supplier Management functions for procurement.
