Describe Your Best Experience at ARC:

My best experience while attending ARC was white water rafting. I was terrified at thought of splashing down the river because I couldn't swim, but I had no choice but to face my fear. At the end of day I was truly satisfied that I faced a huge fear in my life.

How Did Your Change After ARC?

One way I changed after Arc was my appreciation for the outdoors. The program planted this seed that sprouted a passion for parks and hiking that still grows to this day.

What Are Your Strengths?

One of my strengths is when I am motivated to do something nothing can stop me. I am determined to succeed in anything that I feel strongly about.

What Are Your Goals for the Future?

My goals for the future are to be simple, content, and happy with what I choose to be later in my life and truly have no regrets. I guess you can say to live a life that makes me happy.

Who is Your Role Model? Why?

My role models in my life are my teachers who always told me that I was a bright young person and that I would succeed in the future also because they pushed me to try hard when sometimes I would push away from my work.
