Describe Your Best Experience at ARC:

I loved when we kayaked on Lake Tahoe. It was a great experience because it was something I had never done before. I loved to be out in the lake just relaxing and being able to see what Mother Nature has to offer to us out in the fresh air.

How Did Your Change After ARC?

I used to be really shy and I would not talk or meet many new friends, but after Arc I became a little more talkative which helped me meet a lot more people and was able to give more support to my family.

What Are Your Goals for the Future?

My goal is to be able to stay in the U.S. and study to become a nurse or something where I could help people. If I am not able to stay, I will still study to become a nurse where ever I live.

What Are Your Strengths?

My strengths are that I am reliable and trust worthy, especially to my friends and family. Another strength is that I am patient.

Who is Your Role Model? Why?

My role model is my mother because she is the one who pulled me through to be who I am now. She also has taught me to always forgive.
