

SYSPRO TO PARTICIPATE IN 7th ERP VENDOR SHOOTOUT™

COSTA MESA, Calif. – May 24, 2010 -- SYSPRO, the leading provider of visionary, pragmatic [ERP](#) software, has today announced that the company will be a participant at the Seventh ERP Vendor Shootout, June 16 & 17, at the San Diego Marriott Hotel and Marina in San Diego, Calif. Sponsored by Technology Evaluation Centers (TEC) of Montreal, Canada, the [ERP Vendor Shootout™](#) features side by side comparisons of top ERP software packages. The two day event is ideal for businesses that are budgeting for or are currently evaluating Enterprise Resource Planning software. It enables company ERP selection teams and decision makers to quickly build a selection short-list by viewing the best in Enterprise Software Solutions all in one place and all at the same time.

According to Joey Benadretti, president, SYSPRO USA, “This year’s event will provide SYSPRO the opportunity to discuss and demonstrate the company’s newest, ground breaking ERP release. The new edition of SYSPRO contains more than 1,500 enhancements and five new applications, all of which are based on the company’s efforts to enable small and medium size manufacturers and distributors in various industry verticals to lean and green their operations, dramatically enhance supply chain efficiencies and boost their bottom lines.”

About SYSPRO

Since its inception in 1978, SYSPRO has been delivering state-of-the-art business solutions to some of the world's leading companies. As a global leader in the production of world-class [ERP](#) software, the company now caters to the specialized needs of 14,000 licensed companies in more than 60 countries worldwide. SYSPRO is marketed globally through regional territory distribution centers and a global reseller network in the US, Canada, Africa, Asia Pacific, Australia and the UK.

SYSPRO is a fully integrated business software solution that provides complete control over the planning and management of all facets of business including accounting, manufacturing and distribution operations in a variety of industries.
