

Integrated Campus Warning and Information System

24/7 Campus Alert and Notification System

Or is it a 24/7 Campus Notification and Alert System?

Use it for daily routine announcements, class schedule **and** for emergencies.

Return of Investment in one year as the system is used for day-to-day operation, while providing the comfort of knowing that people at risk will be immediately notified in emergencies to keep them safe.

A Integrated alert is as easy as **A B C**
