Pegasus Mystic™ Heated Nebulizer

HEATED HIGH FLOW WITHOUT THE HASSLE
Low Cost - - - - Easy To Use - - - - Quick Set Up

The P3000H Mystic™ Nebulizer in combination with the P2001 Pegasus Nebulizer Heater is by far the simplest, most inexpensive means of providing fully-saturated oxygen therapy at controllable dilution ratios. This High-Flow Nebulizer allows oxygen flow rates high enough to meet most patient inspiratory demands, yet hydrates the patient effectively. The durable P2001 Pegasus Nebulizer Heater is unbeatable for reliability and value and comes with a 1-yr warranty.
